lasix 40, metformin 500 bid, lisinopril 10, warfarin 5mg,

ASA 81, tylenol prn, amoxicillin 500 tid

Therapy: PT eval at SNF — hospital PT notes "continue skilled PT"

frequency/duration NOT specified on order set

Diet: diabetic 1800 kcal, fluid restrict 1500mL — per dietitian

Contact: daughter Susan Branson 217-555-0199

## ALLERGY LIST

### ALLERGY & ADVERSE DRUG REACTION LIST

Source: admission nursing + pharmacy + patient statement

### SUBSTANCE REACTION SEVERITY VERIFIED

-----  
Penicillin Rash (childhood) Moderate Yes 6/3

Sulfa drugs "felt sick once" Unknown No — nursing sheet only

Codeine Nausea Mild Patient report

NKDA also documented on discharge summary header — ERROR

Pharmacist alert 6/15: ACTIVE ORDER Amoxicillin — penicillin class

Acknowledged by: \_\_\_\_\_ (unsigned)

No food allergies documented.

Page footer: If no allergies listed verify with patient — NOT NKDA

## LABS p.1

LABORATORY RESULTS — last 72 hours

Branson, Harold MRN 0048721

Collection 06/16/2026 06:00 (discharge panel)

### CBC:

WBC 7.8 K/uL (4.5-11.0)

Hgb 11.2 g/dL (13.5-17.5) L

Hct 34.1 % L

Plt 198 K/uL

### BMP:

Na 138 mEq/L

K 4.2 mEq/L

Cl 101 mEq/L

CO2 24 mEq/L

BUN 28 mg/dL H

Creat 1.4 mg/dL H

Glucose 198 mg/dL H (non-fasting)

eGFR 48 mL/min/1.73 (CKD3)

HbA1c 8.1 % H (drawn 6/10)

## LABS p.2

LABORATORY — continued / scattered results

INR 2.4 (06/16) goal 2.0-3.0

INR 2.1 (06/13) – duplicate line on fax

UA 6/14: neg nitrite, trace leuk – culture no growth

OCR artifact: Creatinine 1.4 vs 1.S on re-fax (typo)

Micro: none pertinent

--- end lab report ---

Some values from Epic, some from legacy print – dates may vary

## WOUND — MISSING

### WOUND CARE ORDERS

(blank form — orders not populated)

Wound type: \_\_\_\_\_

Location: \_\_\_\_\_

Dressing: \_\_\_\_\_

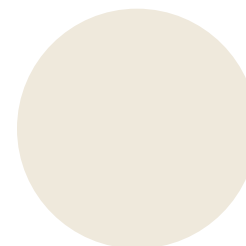

Frequency: \_\_\_\_\_

Stamp: SEE NURSING NOTES

>>> THIS PAGE INTENTIONALLY INCOMPLETE <<<

Wound nurse documentation references formal orders on separate order set — not included in discharge packet batch 44821.

Nursing note excerpt (6/5): Stage II sacral. Cleanse NS, hydrocolloid BID, reposition q2h. — but no signed physician order

## THERAPY

### PHYSICAL / OCCUPATIONAL THERAPY ORDERS

Order set printed: 06/17/2026

PT: Evaluate and treat

☐ 3x/week ☐ 5x/week ☐ daily — boxes not checked

Duration: \_\_\_\_\_ weeks

OT: Evaluate and treat — frequency: \_\_\_\_\_

ST: not ordered

Handwritten addendum (scan quality poor):

"continue PT at SNF per discussion w/ CM" — no signature

Hospital PT note 6/16: ambulated 150 ft w/ walker, supervision.

Recommend skilled PT for strength, gait, transfers.

**\*\*\* ORDER SET INCOMPLETE — REQUEST FROM HOSPITAL \*\*\***

## DIET

### DIET / NUTRITION ORDERS

Diet order: Diabetic diet, 1800 kcal/day

Texture: Regular

Fluid restriction: 1500 mL/day

Sodium: 2 gram

Supplements: none at discharge

Dietitian note: patient non-compliant w/ diet teaching.

Prefers sweet tea — counsel re fluids & sugar.

Conflicting note on nursing sheet: "regular diet OK" — outdated

Signed: Dietitian M. Chen 06/12/2026

## FOLLOW-UP

### FOLLOW-UP APPOINTMENTS & REFERRALS

PCP: Dr. Robert Adams

When: 7 days post discharge (approx 06/24/2026)

Phone: 217-555-0300 — patient to call for appt

(appointment NOT scheduled — slip missing)

Cardiology: St. Mercy Heart Group

Dr. Kowalski follow-up 2-3 weeks — referral placed

No date/time on packet

Wound clinic: PRN if no improvement in 5 days

Other: ophthalmology yearly — not urgent

Scribbled note: "daughter wants telehealth if possible"

## INSURANCE

### INSURANCE / AUTHORIZATION FACE SHEET

Primary: Medicare Part A

Secondary: Humana Gold Plus — policy # HGP-8844221

SNF Authorization:

Status: APPROVED pending final review

Auth #: \_\_\_\_\_ (NOT ON PACKET)

Days auth: 20 skilled days requested

Valid: 06/17/2026 — ???

Billing comment: "auth number usually on separate fax from UM  
call 555-0177 ext 442 — ref case 2026-44821"

Medicare SNF days remaining: 18 (per face sheet) vs 22 (per CM)

Prior hospitalization within 30d: yes — affects benefit period

## DUPLICATE / OCR

---DUPLICATE PAGE / POOR OCR SCAN---

BRAN5ON HAR0LD MRN O048721

Discharge meds: furosemide 40mg, metf0rmin 500 bid...

Line noise: |||| ~~~~ @@@ ###

Upside down footer: PAGE 003 of ???

Partial legibility — likely re-scan of page 5

If this page duplicates another, discard duplicate.

## SIGNATURE

ATTESTATION / SIGNATURE PAGE

I have received discharge instructions and medication list.

Patient signature: H. Branson (electronic capture)

Date: 06/17/2026

Witness: RN Patel

Attending attestation:

Patient discharged to SNF in stable condition.
